

Coopers & Lybrand is also the auditing firm for Air America and Southern Air Transport. (NYTimes, 30 Aug 73, "CIA Is Reported Trying To Sell Interest in Airline," by David Binder.)

Jo's note that Coopers & Lybrand is also auditing for Air America and Southern Air Transport (NYT 8/30/73, "CIA Is Reported Trying To Sell Interest in Airline," by David Binder, reminds me I have not yet heard from Howard. If it is not too much trouble, I'd appreciate a copy for this would make a provocative footnote on the property "explanation." HR was due back almost 3 weeks ago, as I recall. Thanks HW 9/17/73
